

STAR SECRETS

Mena Suvari reveals her stay-hot tricks!

She might get dumped in the Continental sauce ad, but with looks like hers, you can bet Mena Suvari wouldn't be single for long. So how does she get so gorgeous?

'I don't wear a lot of make-up because it's good to let your skin breathe,' says the actress, who loves the skin-friendly i.d. bareMinerals Foundation, \$65. 'As for skincare, I use a cleanser, moisturiser and sometimes a mask.' One of her faves is L'Occitane Lavender Exfoliating Face Mask, \$44.95.

She also believes that eating well and drinking lots of water are essential to looking good, and leans towards using more natural beauty products. 'Pure aloe vera is so good for your skin,' she says. 'My mum uses it religiously on her face after washing and she has the most amazing, flawless skin.'

And her beauty weakness? 'My bag is usually stuffed with lip products – conditioning lip balm, tinted lip balm, lip gloss, lipstick... you name it, it's in there,' Mena reveals. 'My favourites are the ones that feel like a gloss; they aren't too matte and they don't stick.' She loves Lancôme Juicy Tubes, \$40.
